Cost-saving 24/7
inventory solutions
for industrial
& safety products

10 good reasons to take control

- 1 Secure 24/7 stock availability with complete audit trail
- 2 Point-of-use convenience - low cost multi-site/multi-device options
- 3 Rapid return on investment - pay-back often less than 12 months
- 4 Eliminates unauthorised retrievals and tracks usage
- 5 Value added service
- 6 Increases stock accuracy - identifies slow moving or obsolete stock
- 7 Reduces stock-level administration and purchasing costs
- 8 Report by user, job, cell or department - export options include PDF, CSV, Excel, Lotus Notes and email
- 9 Speed of issue reduces production down-time
- 10 Elimination of satellite or 'squirrel stocks' such as personal lockers and tool boxes

www.sprint-uk.com
